ABORT

This soundtrack consists of six awesomely synthesized versions of classical music:

March - Music for the Funeral of Queen Mary

Fanfare - Fanfare for the Common Man

Mars - Mars, the Bringer of War

Einleitung - Also sprach Zarathustra (intro)

Toccata - Toccata in D minor

Fugue - Fugue in D minor

I get chills every time I listen to them.

. This. This soundtrack. It's more than worth buying the game for, even if you don't get any enjoyment out of the rest of it.

My only problem with it is that it's not ordered correctly. I enjoyed it in alphabetical order, but once I put it in the order it's supposed to be in, it gelled so much better!. This soundtrack consists of six awesomely synthesized versions of classical music:
